RISK FACTORS

2. List in the order of importance the factors which the Company considers to be the most substantial risks to an investor in this offering in view of all facts and circumstances or which otherwise make the offering one of high risk or speculative (i. e., those factors which constitute the greatest threat that the investment will be lost in whole or in part, or not provide an adequate return).

(1) Best Efforts: No Assurance That Shares Will Be Purchased; No Minimum Offering; Escrow Account; Need for Additional Capital: This Offering is being made on a "best efforts basis," and there is no minimum number of Shares which must be sold in this Offering. Therefore, the Company can give no assurance that all or any of the Shares will be sold. All subscription funds will be wired or sent to the "Otto Law Group, PLLC/Skillstorm Online Learning, Inc. Escrow Account", 601 Union Street, Suite 4500, Seattle, Washington 98101, which the Otto Law Group will hold in escrow pending review of the subscription documents and adequacy of consideration, prior release of the escrow funds to the Company. Once the Company accepts the subscriptions they will be deemed irrevocable.

(2) The Company Plans An Ambitious Development Program That May Require The Net Proceeds From This Offering: If less than all of the Shares offered are sold, the Company may have to delay or modify its marketing plans and proceed on a much slower or smaller scale. There can be no assurance that any delay or modification of the Company's marketing plans would not adversely affect the Company's business, financial condition and results of operations. Some of our training programs which are currently in post-production are critical to your success, and the financial required for this post-production activity, particularly including the U-17 and U-19 trading programs, is projected to be \$200,000. If additional funds are needed to produce and market its products and services, the Company may be

required to seek additional financing. The Company may not be able to obtain such additional financing or, if obtained, such financing may not be on terms favorable to the Company or to the purchasers of the Shares.

(3) The Company Has Not Completed Significant Sales to Date, And Does Have the Expanded Activities Adequate Funds to Sustain the Operations Expectations Described In This Offering Circular: There is no certainty that the Company will be successful in developing the business of the Company described herein, or that its facilities and employees will be capable of satisfactorily carrying out such business. Prospective investors are being furnished with limited historical financial information about the Company upon which to base an evaluation of its performance and an investment in the Common Stock offered hereby. The Company has limited resources and is dependent upon this Offering to allow it to continue its operations. The Company currently has insignificant sales through its web site traffic. The proceeds of the Offering, however, and the Company's other resources may not be sufficient for the Company to implement its current business plan, and the Company may have inadequate funds to finance its operations for the twelve months following the Offering and, therefore, may need to seek additional financing. As a new enterprise, it is likely to be subject to risks that management has not anticipated. (See "Use of Proceeds.")

(4) There is the Possibility That a Very Nominal Number of Shares Will be Sold In This Offering: In that case, the Company still intends to proceed with its plans but will obviously have to proceed on a much smaller scale and with a lower likelihood of success. The Company anticipates that it will incur substantial expenses prior, and subsequent to its becoming profitable. The Company expects these initial expenses to result in significant operating losses as the costs of the acquisition of subscribers, web site content and licensing rights of content are expected to be substantial. All content production and technology development costs must be borne by the Company until the Company is able to generate adequate revenues from sales of subscriptions to its web content service, such revenues of which there can be no assurance.

(5) We Have Not Been Profitable to Date, We May Never Be Profitable, and We Anticipate Continued Losses for the Foreseeable Future: To date, we have not been profitable. We cannot assure you that we will ever achieve or sustain profitability. We reported operating losses of \$594,381 for the first nine months of 2006 and \$509,340 for 2005. We expect to incur operating losses for the foreseeable future. In particular, we intend to invest heavily in research and development (R&D) and sales and marketing. No actual R&D funds were spent in fiscal years 2006 or 2005, but funds were spent to acquire initial technology. Even if revenues meet levels we anticipate, or if our costs and expenses exceed our expectations, we could continue to sustain losses, and our business and the price of our common stock may be harmed. See notes accompanying financial statements for information on our history of losses and anticipation of continued losses.

(6) Potential Need for Additional Financing: There can be no assurance that the Company will not require additional funds to support its working capital requirements or for other purposes, in which case the Company may seek to raise such additional funds through public or private equity financing or from other sources. There can be no assurance that such additional financing will be available or that, if available, such financing will be obtained on terms favorable to the Company and would not result in additional dilution to the Company's stockholders.

(7) As a Development Stage Company and Non-Reporting Issuer, There May Be a Limited Trading Market for The Company's Securities: Following the Offering, the

Company may be considered a "non-reporting" issuer whose securities are not listed or subject to regulation under the Securities Exchange Act of 1934, depending on how many securities are sold and to how many investors. The vast majority of broker-dealers generally do not engage in the sale or trading of securities of a "non-reporting" issuer. Further limitations upon the development of a trading market are likely by virtue of regulations under Rule 15c2-11 of the 1934 Act which require that before broker-dealers can make a market in the Company's securities and thereafter as they continue making the market, the Company must provide these broker-dealers with current information about the Company. The Company presently has formulated limited specific plans to distribute current information to broker-dealers and will only do so if there appears otherwise to be adequate interest in making a market in the Company's securities. Furthermore, in view of the absence of an underwriter, the relatively small size of the Offering and the duration of the Offering and the nature of the Company as a "non-reporting" issuer, it is possible that a regular trading market will not develop in the near term, if at all, or that if developed it will be sustained. Accordingly, an investment in the Company's Common Stock should be considered highly illiquid.

(8) The Company has Issued 1,000,000 Shares of Preferred Stock to its Chief Executive Officer, with 250 votes per share. In November 2006, the Company issued 1,000,000 shares of Series B Preferred Stock (the "Preferred Stock") to the Company's Chief Executive Officer ("CEO"). The Preferred Stock has 250 votes per share on any matter properly before the shareholders for a vote and therefore can supersede the majority vote of the common stock of the Company. No cash dividends shall be paid with respect to the shares of Series B Preferred Stock.

(9) The Preferred Stock has Preferential Rights to the Holders of Common Stock In the event of the liquidation or winding up of the Company, the holders of the Series B Preferred Stock will be entitled to receive, prior and in preference to the holders of common stock of the Company (the "Common Stock"), an amount up to but not greater than the original purchase price per share of ~~Series B Preferred Stock, notwithstanding the par value of the Series B Preferred Stock.~~ The holders may choose by majority vote to treat a merger of the Company in which the Company is not the surviving entity, or a sale of all or substantially all of the Company's assets, as a liquidation or winding up for purposes of this liquidation preference if (i) the amount of consideration received would be less than the amount of the holder's liquidation preference or (ii) the consideration consists solely or in part of securities that are not readily marketable.

(10) Voting Control By the Company's Chief Executive Officer: In addition to the 1,000,000 shares of Preferred Stock which gives the Company's CEO 250 votes per share on any matter properly before the shareholders for a vote and therefore can supersede the majority vote of the common stock of the Company, the CEO also owns 6,542,670 shares of common stock of the Company (approximately 21.0% of the total issued and outstanding), through his personal holdings and equity interest in 1441966 Ontario. Immediately after the closing of this Offering, assuming that the maximum of securities offered hereby are sold, 13% of the outstanding Common Stock will be held by the directors and executive officers of the Company.

(11) No State Registration: The Company has not as yet registered for sale in any state. The Company can undertake no assurance that state laws are not violated through the further sale of its securities. The issuer intends to register its shares for sale in California, New York, Connecticut, Florida, Minnesota, Nevada, Washington, Texas, Washington, D.C. and New Jersey. ~~those states in which there are indications of sufficient interest.~~ So far, no shares have been offered in any of those jurisdictions. ~~state.~~ While the "Blue Sky" laws vary from state to

state, the Company intends to fully comply with the "Blue Sky" laws of each state. To definitively determine in which of the aforementioned states the securities are registered subsequent to the SEC deeming this offer qualified, interested investors may contact the Company and/or the state agency responsible for securities regulation in such state

(120) **Our Software is Not Patented, Potential Third Party Infringement of Our Intellectual Property May Cause Harm to Our Business and Competitive Ability:** ~~To protect our rights to our intellectual property, w~~ All of our software web applications are proprietary, but none are patented. We rely on a combination of trademark and trade secret laws and confidentiality agreements and other contractual arrangements with our employees, affiliates, strategic partners, and others. Otherwise, we have no other protection of the software. In addition, effective trademark, copyright, and trade secret protection may not be available in every country in which we offer or intend to offer our services. ~~All of our software web applications are proprietary, but none are patented.~~ In the future, we may seek to obtain a patent. We cannot assure you that any steps we take to protect our proprietary property rights will be sufficient or effective. Failure to protect our intellectual property adequately could harm our brand, devalue our proprietary content, and affect our ability to compete effectively. Defending our intellectual property rights could result in the expenditure of significant financial and managerial resources.

(134) **Uncertainty of Future Operating Results:** The Company does not expect to achieve profitability for the next several quarters, and there can be no assurance that it will be profitable thereafter, or that the Company will sustain any such profitability if achieved.

(14) **Many of the Company's Current and Potential Competitors may have Longer Operating Histories and may have Significantly Greater Financial, Distribution, Sales, Marketing and other Resources, as well as Greater Name Recognition and a Larger Distribution Base, than the Company:** As a result, they may be able to devote greater resources to the development, promotion, sale and support of their productions than the Company. There can be no assurance that the Company will be able to compete successfully against current or future competitors or that competitive pressures faced by the Company will not materially adversely affect its business, operating results or financial condition.

(15) **Dependence on Key Personnel:** Colin Innes, Chairman, Chief Executive Officer and President of the Company, could fall victim to some kind of accident which would render him incapable of serving the Company. The Company's success is substantially dependent upon one key person. The loss of the services of Mr. Innes would have a material adverse effect on the Company's business, financial condition or results of operations. The Company does not have an employment contract with and does not hold key-man life insurance and accident insurance policies on Mr. Innes. Even if it did, there is no assurance that Mr. Innes could be replaced by qualified personnel.

(16) **Arbitrary Offering Price of the Company's Securities:** The initial offering price of the Shares has been determined by arbitrarily, with no consideration being given to the current status of the Company's business, the value of its properties, its financial condition, its present and prospective operations, the general status of the securities market and the market conditions for new offerings of securities. The initial offering price bears no relationship to the assets, net worth, book value, recent sales, price of shares issued to principal shareholders or any other ordinary criteria of value.

(17) **No Prior Market for Common Stock:** Prior to this offering, there has been no public market for the Company's securities, and there can be no assurance that an active trading

market will develop after this Offering or, if developed, that it will be sustained. At least initially, the Company will be too small for its securities to be included on the NASDAQ Small Cap Market. Such securities may be subject to a rule under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that imposes additional stringent sales practice requirements on broker-dealers who sell the Common Stock. Those sales practice requirements, if imposed, would adversely affect the ability of broker-dealers to sell the Common Stock, and consequently would adversely affect the public market for and the trading price of the Common Stock. The SEC has adopted regulations which generally define "penny stock" to be an equity security that has a market price of less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to specific exemptions. Until the market price of our common stock increase to a price greater than \$5.00 per share, if ever, it may be designated as a "penny stock" according to SEC rules. This designation requires any broker or dealer selling these securities to disclose certain information concerning the transaction, obtain a written agreement from the purchaser and determine that the purchaser is reasonably suitable to purchase the securities. These rules may restrict the ability of brokers or dealers to sell our common stock and may affect the ability of investors to sell their shares. In addition, since our common stock is currently traded on the NASD's OTC Bulletin Board, investors may find it difficult to obtain accurate quotations of our common stock and may experience a lack of buyers to purchase such stock or a lack of market makers to support the stock price.

(18) **Dilution:** Purchasers of the common shares offered hereby will incur an immediate substantial dilution, in terms of book value, from the public offering price of approximately \$0.05 per share of common stock, assuming that all offered shares are sold. After giving effect to the sale and the application of net proceeds of 18,000,000 common stock shares by our Company under this Offering, there will be an immediate dilution of \$.036 per share to purchasers of common shares under our Offering.

(19) **Shares Eligible for Future Sale:** The availability for sale of certain shares of Common Stock held by existing shareholders of the Company after this offering could adversely affect the market price of the Common Stock. Of the maximum of 49,093,760 shares of Common Stock to be outstanding following this Offering, 31,093,760 shares were issued to the Company's existing shareholders in private transactions in reliance upon exemptions from registration under the Act and are, therefore, "restricted securities" under the Act, which may not be sold publicly unless the shares are registered under the Act or are sold under Rules 144 or 144A of the Act after expiration of applicable holding periods. Currently, there are approximately 14,240,000 shares of Common Stock eligible for sale under Rule 144. Sales of substantial amounts of the Company's currently outstanding Shares could adversely affect prevailing market prices of the Company's securities and the Company's ability to raise additional capital by occurring at a time when it would be advantageous for the Company to sell securities.

(20) **Underwriters' Influence on the Market:** The Company does not at present have an underwriter and no underwriters have advised the Company that they intend to make a market in the Common Stock after the offering or otherwise to effect transactions in the Common Stock. Market-making activity may terminate at any time. If they participate in the market, underwriters may exert a dominating influence on the market for the Common Stock. The price and liquidity of the common stock may be significantly affected by the degree, if any, of underwriters' participation in such market.

(21) **No Dividends:** No dividends have been paid on the Common Stock of the Company. The Company does not intend to pay cash dividends on its Common Stock in the foreseeable future, and anticipates that profits, if any, received from operations will be devoted to the

Company's future operations. Any decision to pay dividends will depend upon the Company's profitability at the time, cash available therefor and other relevant factors.

(22) Our common stock is currently considered "a penny stock" and may be difficult for you to sell: The Securities and Exchange Commission has adopted regulations which generally define "penny stock" to be any equity security that has a market price (as defined) of less than \$5.00 per share or an exercise price of less than \$5.00 per share. The securities may become subject to rules that impose additional sales practice requirements on broker-dealers who sell such securities. For transactions covered by these rules, the broker-dealer must make a special suitability determination for the purchaser of such securities and have received the purchaser's written consent to the transaction prior to the purchase. Additionally, for any transaction involving a penny stock, unless exempt, the rules require the delivery, prior to the transaction, of a disclosure schedule prepared by the Securities and Exchange Commission relating to the penny stock market. The broker-dealer also must disclose the commissions payable to both the broker-dealer and the registered representative, current quotations for the securities and, if the broker-dealer is the sole market-maker, the broker-dealer must disclose this fact and the broker-dealer's presumed control over the market. Finally, among other requirements, monthly statements must be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks. Consequently, the "penny stock" rules may restrict the ability of purchasers in this offering to sell the Common Stock offered hereby in the secondary market.

(23) General Economic and Market Conditions: The Company's operations may in the future experience substantial fluctuations from period to period as a consequence of general economic conditions affecting consumer spending in the United States, Germany, and any other countries in which the significant subscriber bases are developed. Therefore, any economic downturns in general in any country in which these subscribers reside would have a material adverse effect on the Company's business, operating results and financial condition.

(24) We May Not Be Able To Effectively Manage Growth: Our anticipated growth in the twelve months subsequent to the Offering will place significant demands on our management. If we are successful in implementing our growth strategy, we may have difficulty responding to demand for our products and services in a timely manner and in accordance with our customers' expectations. We expect these demands to require the addition of new management, sales, technical and other personnel and the purchase and installation of additional hardware, software and telecommunications systems.

(25) We Cannot be Certain that Our Products Do Not, or Will Not, Infringe Upon Patents, Trademarks, Copyrights or Other Intellectual Property Rights Held By Third Parties: Since we rely on third parties to help us develop, market and support our product and service offerings, we cannot assure you that litigation will not arise from disputes involving those third parties. We may incur substantial expenses in defending against prospective claims, regardless of their merit. Successful claims against us may result in substantial monetary liability, significantly impact our results of operations in one or more quarters or materially disrupt the conduct of our business.

Note: In addition to the above risks, businesses are often subject to risks not foreseen or fully appreciated by management. In reviewing this Offering Circular potential investors should keep in mind other possible risks that could be important.

BUSINESS AND PROPERTIES

3. With respect to the business of the Company and its properties:

- (a) Describe in detail *what* business the Company does and proposes to do, including what product or goods are or will be produced or services that are or will be rendered.

Skillstorm Online Learning Inc. ("Skillstorm" or the "Company"), incorporated in the State of Washington, is a multiple language online training program for soccer players, coaches, leagues, parents and teachers. Its web site is www.skillstorm.de. The Company is not affiliated with SkillStorm Inc., a technical and professional services firm. Skillstorm is endorsed and partnered with FC Bayern Munich ("Bayern"), a top member of the German Bundes League, and also with Bayern Munich's internationally recognized president, coach and player, Franz Beckenbauer. Skillstorm's on-line website provides youth players and their coaches direct static and video access to proven soccer training programs. Skillstorm believes on-line availability will allow many players and coaches without the funds or regional access to top soccer training programs the ability to recognize, understand and implement proven training techniques with top internationally recognized coaches and teams. These training aids The Company's content may be purchased or subscribed to via the Company's website.

The Company is currently conducting operations, but its operations do not provide sufficient revenue to either sustain or expand operations, and the Company does not otherwise have the capital necessary to expand its operations. The Company plans to expand its operations with the proceeds raised from this Offering.

- (b) Describe *how* these products or services are to be produced or rendered and how and when the Company intends to carry out its activities. If the Company plans to offer a new product(s), state the present stage of development, including whether or not a working prototype(s) is in existence. Indicate if completion of development of the product would require a material amount of the resources of the Company, and the estimated amount. If the Company is or is expected to be dependent upon one or a limited number of suppliers for essential raw materials, energy or other items, describe. Describe any major existing supply contracts.

Skillstorm develops learning and training software products and database technologies to aggregate and provide access to the sports training content found on their website. The Company has developed what it calls a "learning engine", which consists of software developed independent of the content and Skillstorm's underlying database products, through which its training products are strategically arranged in a seamless database that includes: (i) static files, (ii) animated files, and (iii) also features professionally produced and edited video clips based on the practice drills and strategies developed by its coaches and experts. This technology system arrangement delivers the Company's training programs via dial-up or high speed connections to personal computers using Windows 95/98, 2000/XP, NT, or Mac operating systems, and will work with all browsers. This learning engine enables the Company to distribute its licensed and proprietary content distributed over the internet, resides in a database and includes static files, animated files, and also features professionally produced and edited video clips based on the practice drills and strategies developed by its coaches and experts. The learning

Skillstorm's learning tool is a software web application developed using PHP, XML, Flash, among other coding scripts to build a platform where variable static and streaming content can be

combined and displayed on demand. The software can only be accessed via the Company's website. The content choices are navigated by various pic-lists in expandable menus.

While all of the software web application is proprietary to the Company, we have not yet sought patent protection for the software. The content is separate from the software web application so we can efficiently change languages when required. Furthermore, as demands change for different mediums, having the content separate from the software web application allows Skillstorm to be more flexible. As codecs improve, Skillstorm can quickly adapt to them and improving the user experience immediately without any recoding.

This database, when used in connection combined with the website's software and front-end, can deliver streaming video, voice-over, and structured practice sessions, standard video controls, camera angle choices, special effects highlights and text content. Skillstorm calls this entire system a "learning engine" and. This technology system delivers its training programs via dial-up or high-speed connections to personal computers using Windows 95/98, 2000/XP, NT, or Mac operating systems, and will work with all browsers. Skillstorm's technology also allows content to be delivered to iPods, PDA's and cell phones making the user experience truly portable.

Skillstorm's learning tool is independent of the content of its current database and the platform may be adapted to other languages and in the near term, to other sports. English and German are the two languages currently being used. Skillstorm has built its products to easily translate into other languages. Other languages will be available when there is a sound economic benefit. This could come in the form of a sponsorship or a large sale. These languages may include Spanish, French, Japanese and Mandarin. The Company plans to produce basketball and baseball training websites using their existing learning engine in the near future.

Unlike most of its competitors, it will give users access to content 7 days a week, 52 weeks a year. Skillstorm has an agreement with FC Bayern Munich Soccer Club, one of the recognized top quality brands and training schools in the sport of soccer, to produce content aimed at youth development for all age categories. This approach allows users to learn from well recognized, proven players and coaches.

Every one of the finished videos files contains streaming video content, voice-over, animation, special effects, and text content. Skillstorm provides a sample session on the website for prospective users to sample a structured practice session contained within each of the age groups. Users can see how each video file is combined with all of these elements.

All of Skillstorm's online learning products feature high-quality interactive video clips, scripted and edited by recognized sports experts who are associated with world recognized teams and clubs. To date, Skillstorm has produced and made available on-line the training programs developed by FC Bayern Munich. This set of drills, exercises and programs has been produced and made into video for on-line viewing, each offering 3 different camera angles. When Skillstorm completes the U-19 program, it will have over 1,000 videos to view online. FC Bayern Munich has a professional coaching staff of over 20 that manage the Academy training. The programs they run were filmed by professionals. Skillstorm has contracted professional soccer coaches to work with video editors to handle the post production activities, which involves three primary responsibilities:

1. Ensuring that every viable minute of training footage is utilized and incorporated into finished projects within a quality training program for all age groups;
2. Work in partnership with post production video editors to:
 - a. use special effects to maximize exercise intensity, content retention and user repetitiveness; and
 - b. run all projects through various compression sequences for each of the mediums supporting Skillstorm products.
3. Write effective scripts for projects.

Thomas Niendorf, Henry Hauser, Peter Ranke, Peter Malacaone and Supindeer Cheema are all professional coaches who have worked on the post production side. Mssrs. Niendorf and Hauser are both from the professional team of Berlin Dynamos. Mr. Malacaone was a professional player

and is now a certified A License coach. Mr. Cheema is also a certified A License coach and has been the technical director for some of the largest youth soccer associations in North America.

Mr. Hauser and Mr. Ranke live in Germany and are available to Skillstorm on an 'as needed' basis. They have previously come to the Company's post-production office for a couple months to work on training videos for various age groups, for which they sign a consultant agreement and a non-disclosure agreement. Similarly, the Company consults Mr. Cheema during the final editing phase of the videos. Mr. Niendorf is a founding shareholder of the Company and works full-time for Vancouver White Caps, a professional soccer club in North America. Mr. Niendorf is primarily involved with late-stage post-production activities. Mr. Malacaone is Skillstorm's full-time employed professional coach, working under an employment contract that calls for him to be paid by the Company when funding becomes available. His official title is Product Development Manager.

~~This approach has provided Skillstorm's products with endorsements from soccer clubs like FC Bayern Munich and former international players and coaches like Franz Beckenbauer, who was President of the 2006 World Cup held in Germany.~~ It is the opinion of Skillstorm's management that there is no other similar product to the Company's online learning platform available on the market today. A single DVD would only cover part of one age group in our product group not to mention the inconvenience of using a DVD player versus internet. The online component makes this product far more user friendly. Coupled with the work of the above-named professionals, our management believes its learning platform enables new products to be brought to market in a faster time frame, which, in the opinion of our management, will provide the opportunity to become a leading innovator in the on-line training market.

Skillstorm intends to generate global revenue from multiple sources, including sponsored subscriptions, product sales, e-commerce, recurring license royalties, channel partnering, and advertising revenues. Skillstorm has recently formed a strategic alliance with the Calgary Minor Soccer Association ("CMSA") which, when implemented, will provide the opportunity for the 18,000 current members of the CMSA to become subscribers at the discount rate of \$18.00 per player annually. Based upon this alliance, Skillstorm may potentially earn over \$1.4 million in revenue over the next five years.

(c) Describe the industry in which the Company is selling or expects to sell its products or services and, where applicable, any recognized trends within that industry. Describe that part of the industry and the geographic area in which the business competes or will compete.

Indicate whether competition is or is expected to be by price, service, or other basis. Indicate (by attached table if appropriate) the current or anticipated prices or price ranges for the Company's products or services, or the formula for determining prices, and how these prices compare with those of competitors' products or services, including a description of any variations in product or service features. Name the principal competitors that the Company has or expects to have in its area of competition. Indicate the relative size and financial and market strengths of the Company's competitors in the area of competition in which the Company is or will be operating. State why the Company believes it can effectively compete with these and other companies in its area of competition.

The largest sport in the world is the game of Soccer. It is the largest participation sport among youth too. In the United States alone, there are over 23 million players under the age of 18. Their training comes typically from volunteer parents who serve as coaches.

However, these parents need help delivering quality training. As a result there are a lot of products available for sale. Skillstorm competes in the video training space.

There are over 4,000 video titles on the market. The vast majority of them are on VHS and DVD formats. Almost all existing training programs are sold on VHS or DVD and limited to one VHS tape or DVD because of price point. There are over 4,000 titles on the market. Many are typically available at the local soccer shop and our also available online. A VHS or DVD cannot contain enough content to deliver a complete and comprehensive training program for even a single age group. Skillstorm solves this problem of cost and content volume by delivering video online. Skillstorm delivers the equivalent of 6 DVD's of content per age group. This is the amount of content necessary to deliver a complete and comprehensive training program for an age group. There is enough content for players and coaches to last the entire time they are in a particular age group.

Skillstorm charges \$25.00 per person for an annual subscription for each respective set of age group videos. Presently, Skillstorm is selling subscriptions for U11, U13 and U15 age groups in both English and German. In the future we will add the U17 and U19 age groups. If Skillstorm were to deliver this content on VHS or DVD, the Company would have to charge \$150.00 per age group or \$750.00 for all 5 groups. Subscribers may choose from 3 available age groups for their \$25.00 subscription. The age groups are U-11, U-13 and U-15. Currently in post-production is the remaining age groups of U-17 and U-19. Each age group has over 200 videos to learn from, with each video ranging in length from 30 seconds to 3½ minutes.

Recently, some competitors have entered the soccer training market by putting up online training using animation. The volume of drills and exercises can be increased with this online medium. However, animation falls short of video. While animation is used to replace real people due to extra production costs and the lack of quality talented athletes available to film, the Company believes animated characters are less convincing. For example, it is extremely difficult with animation this medium to demonstrate believable biomechanics that to players and coaches can physically imitate. Skillstorm, therefore, insists on filming real video of participants at locations such as FC Bayern Munich's Training Academy. ~~At least four sites of competitors offer only cartoon images to learn from. Two sites are product resellers of VHS and DVD. This approach leaves the user with an incomplete experience. Skillstorm takes a similar approach but does it with video while working with FC Bayern Munich's Training Academy.~~

The e-learning sports market is shared by many companies and six of them are detailed in the Competitive Analysis Table below. The competitors listed have one or more of the attributes Skillstorm believes it brings to the e-learning sports market. Skillstorm intends to compete with them on price and total content and production values.

Flashdrills.com offers free animated drills online together with 150 video clips that are purchased under a subscription.

Soccer Made Easy offers products for all age groups using adult players to demonstrate drills and techniques.

Soccervideos.com offers a catalogue approach to reselling various soccer videos on CD-ROM and DVD. Skillstorm considers this a previous generation approach to sports e-learning.

Brazilian Soccer was produced for the Japanese market and is merely videotape footage on CD-ROM to allow for easier access to different topics. Neither text nor printing capabilities are available in this product.

Kisscout Software offers an expensive football product with editing capabilities. Kisscout's product can be used for any other sport and has the ability to create tapes.

Note: Because this Offering Circular focuses primarily on details concerning the Company rather than the industry in which the Company operates or will operate, potential investors may wish to conduct their own separate investigation of the Company's industry to obtain broader insight in assessing the Company's prospects.

(d) Describe specifically the marketing strategies the Company is employing or will employ in penetrating its market or in developing a new market. Set forth in response to Question 4 below the timing and size of the results of this effort which will be necessary in order for the Company to be profitable. Indicate how and by whom its products or services are or will be marketed (such as by advertising, personal contact by sales representatives, etc.), how its marketing structure operates or will operate and the basis of its marketing approach, including any market studies. Name any customers that account for, or based upon existing orders will account for a major portion (20% or more) of the Company's sales. Describe any major

existing sales contracts.

Skillstorm believes its product and marketing plan creates barriers to entry for its current and future competitors, either due to cost, access to expertise, or access to strategic relationships.

Currently, Skillstorm ~~conducts~~ ~~has started~~ its retail marketing on Google, Yahoo and MSN. At present, ~~it using these search engines~~ is the only way consumers can find Skillstorm's website. ~~globally~~. Rather than trying to sell each specific company's standard services, we will engage in the advertising opportunities available i.e. display, text, phrase, visual search, etc. Skillstorm sets a daily budget with each of the search engines to display our ads. We have added a web trending application from iWebTrack to the website and we can track results. ~~Furthermore, e~~Each of the search engine companies provide analytics that allows for the fine tuning of your advertising budget against selected search terms. The search terms are managed ~~ing~~ through the Company's 'click-through' advertisements. Each search engine company offers advertisers the opportunity to purchase space on the right hand side of every page that will display when a user is looking for information matching the search terms the user has keyed into the search engine. This means Skillstorm ads will be seen by users seeking information for search terms we are advertising against.

With the funds received from this Offering, Skillstorm intends to expand its marketing efforts in North America through sales initiatives, enhanced search engine management, word-of-mouth, speaking engagements, advertisements in sports specific publications, out-sourced call centers, and tradeshow attendance. We have identified lists of regional and national publications for placing advertisements, as well as tradeshows, order to enhance our opportunities to reach the coaching market.

Skillstorm will also deploy both push and pull marketing techniques to insure quick market penetration:

Push Marketing

Pushing the Company products out through various soccer associations, sponsors and professional soccer organizations will produce uptake efficiently and quickly. This will be accomplished primarily through direct sales. Compensation programs for soccer associations have been developed to encourage uptake and provide another value proposition for sales teams. For example, associations who deliver a sponsor will be entitled to a 5% commission on the respective sponsorship amount.

Pull Marketing

Skillstorm's "pull" marketing strategy is to focus on advertising and consumer promotion as a way to build up consumer demand for our products. If the strategy is successful, the Company feels consumers/players will recommend the videos to their coaches, who in turn will ask the clubs, and the clubs will ask the associations. Skillstorm will use several different pull marketing techniques. Users of Skillstorm's products will provide the Company with demographic and contact information. Skillstorm will utilize this information for both direct mail and email campaigns to encourage subscription renewals.

Viral Marketing

Internet marketing techniques such as viral marketing and search engine management will be undertaken as part of Skillstorm's Phase I strategy. Viral marketing describes any strategy that encourages individuals to pass on a marketing message to others, creating the potential for exponential growth in the message's exposure and influence.

~~North American markets will be reached directly through sales initiatives, search engine management, word of mouth, speaking engagements, advertisements in sports specific publications, call center outbound activity, and tradeshow attendance. Lists of regional and national publications have been identified for placing advertisements. Tradeshows have also been identified to reach the coaching market.~~

Production

Phase I Production and Development

Skillstorm currently offers FC Bayern Munich training for U-11 (under 11 years of age), U-13 and U-15 age groups. Training programs for these age groups are available directly to large associations or may be purchased online through Skillstorm's website. Skillstorm is also in post-production with U-17 and U-19 FC Bayern Munich teams. These age groups are critical to our success, as they complete the training for the entire requirements for youth development in soccer. The financing required for this post production activity is projected to be \$200,000 in order to complete the training programs for these two age groups.

Skillstorm's software web application was developed using coding scripts to build a platform where variable static and streaming content can be combined and displayed on demand. The software can only be accessed via the Company's website. The various content choices are navigated by various pic-lists in expandable menus. Content is separate from the software web application so the Company can easily change languages when required. Furthermore, as demand changes for different mediums, having the content separate from the software web application allows Skillstorm to be more flexible.

To date, Skillstorm has produced and made available on-line the training programs developed by FC Bayern Munich. This set of drills, exercises and programs, has been produced and made into video for on-line viewing each offering 3 different camera angles. When Skillstorm completes the U-19 program, it will have over 1,000 videos to view online.

Phase II Production and Development

Once the initial training programs are established, Skillstorm will begin developing its Phase II back-end infrastructure. This will allow Skillstorm to expand its revenue model in two key areas: the first area is expected to push its training content to portable mediums like PDAs, iPods and cell phones; the second key area allows Skillstorm to regionalize the sponsor capabilities of its web space initially dedicated for regional advertisers, and then for regional teams. The implementation of this phase of development is crucial to the Company's ability to generate larger sales and meet its fiscal requirements and expectations. The Company may not be able to obtain proper financing required to implement their Phase II development.

Phase III Production and Development

Future product development areas Skillstorm intends to enter after completing its Phase I and Phase II Production and Development Strategies include:

- Upon completion of FC Bayern Munich Training programs, Skillstorm will begin Project 2, 'Game Situation Training'. Project 2 has already been shot and is ready for post-production work. The first series of products that Skillstorm is developing, Project 1, deals primarily with skills development and tactical play. These are the essential building blocks for learning any sport. Project 2 concentrates on many different small-sided games that put techniques and tactics under game-like conditions, which differ for each of the various age groups that are the targets of specific training videos. It will take approximately 15 months to complete and has the potential to double the Company's online content.
- The original FC Bayern Munich Training Programs will be translated into Japanese, Spanish, Mandarin and French. Each language will take approximately 4 months in post-production in order for it to be released.
- Basketball is the world's second largest participation sport. Applying our product development and business process to this sport will be initiated following future additional financing. To date, Skillstorm has engaged in numerous meetings with Basketball Canada, the country's association governing basketball, about developing products for basketball. The cost to get through to post-production activities is estimated to be over \$2 million. Product development, endorsements, marketing and sales would add approximately \$4 million to the cost. The time required to complete a comparable product to Skillstorm Soccer would be approximately 2 ½ years (6 months per age group). Skillstorm will not be developing the basketball training program until we have successfully launched soccer.
- Skillstorm intends to develop products for other sports, including baseball, rugby and skiing.

Product Strategy

Product Strategy includes the introduction of more sports, products and languages. Now that Skillstorm has developed the sports learning engine utilized to bring the first product to market, the same sports learning engine can be used to bring other products to market quickly and less expensively. Skillstorm has worked on its product development process for the past 8 years. Its 3-phase approach described above provides for flexibility for new sports and delivery mediums. Skillstorm intends to offer additional sports, including basketball, hockey, rugby, skiing, baseball and football. Additionally, Skillstorm's products are developed to port easily into other mediums like cell phones, video game boxes, iPods and PDAs. Skillstorm's video files have been edited in a post production environment using professional grade Apple software and hardware. Final Cut Pro Suite is the main software used to edit with. The Company's technology stack allows it to compress video files into different formats that then may be displayed on different mediums. Skillstorm has put its products on iPod and it works perfectly. It is the same approach for cell phones, PDA's, game boxes etc. Each medium asks for a certain format configuration which our post production environment can produce. Skillstorm intends to make its products available to subscribers using other mediums, based on sales activities in

the future.

Skillstorm will also maintain its commitment to content quality by working with the best in each of the sports. We have already received serious interest from both basketball and rugby.

Strategic Relationship Strategy

Skillstorm believes it will bring soccer consumers together through its business model. It begins with working with the content with high production values from top quality, proven sources available like FC Bayern Munich and having a strategic vision these quality clubs share in order to obtain endorsements from other sport professionals. Skillstorm plans to leverage this creditability with soccer associations, clubs and schools who want access to this caliber of training. Sponsors will be brought in to help lower the cost for these groups so youth players have access to the best at a free or reduced rate.

Skillstorm has established the following endorsements to launch the soccer product:

- FC Bayern Munich, a top 3-recognized club in the world that has sponsors such as like-Adidas and Telekom. Skillstorm has an agreement with FC Bayern Munich providing their endorsement of Skillstorm's products and worldwide distribution rights of their Academy. (Please refer to the agreement executed between FC Bayern Munich and Skillstorm included in Part III under Material Contracts. This agreement is our endorsement agreement).
- The following players are under contract with FC Bayern Munich. Skillstorm's contract is with FC Bayern Munich. While some of the players have been sold to other professional clubs, because they were all past graduates of FCB Academy, all players filmed at their academy are included in FC Bayern Munich's endorsement. As a result, FC Bayern Munich owns the commercial likeness rights to all of their players. These players include:
 - Owen Hargreaves (FC Bayern Munich)
 - Thomas Hitzlsberger (Aston Villa, VfB Stuttgart)
 - Lars-Eric Johansson (Blackburn Rovers)
 - Markus Feulner (FC Bayern Munich, 1.FC Cologne)
 - Daniel Bierofka (Bayern 04 Leverkusen, VfB Stuttgart)
- Franz Beckenbauer, a World Cup winner as a player, German National Team Coach and the Chairman and President of FC Bayern Munich.
- ~~Player endorsements stemming from our FC Bayern Munich agreement are:~~
 - ~~Owen Hargreaves (FC Bayern Munich)~~
 - ~~Thomas Hitzlsberger (Aston Villa, VfB Stuttgart)~~
 - ~~Lars-Eric Johansson (Blackburn Rovers)~~
 - ~~Markus Feulner (FC Bayern Munich, 1.FC Cologne)~~
 - ~~Daniel Bierofka (Bayern 04 Leverkusen, VfB Stuttgart)~~

In order to drive sponsor involvement, ~~Skillstorm will need to meet with FC Bayern Munich's International Manager's attention in order to organize meetings with their sponsors.~~ Company management plans to travel to Germany during their various breaks in the soccer season to meet with sponsors. The Company also needs to talk to the U.S.

counterpart for their sponsors in order to engage them in our main market. The Company believes it has an opportunity to leverage the FC Bayern Munich sponsorship for its products to be displayed to sponsors' customers, of sponsors. FC Bayern Munich has expressed interest in conferring with Skillstorm concerning creating a relationship with some of FC Bayern Munich's sponsors, and therefore, is confident in its' opportunities develop channel-partnerships through FC Bayern Munich's introductions.

To make these relationships work well, Skillstorm has organized a compensation model to encourage soccer associations to maintain involvement. The Company will attempt to negotiate a royalty arrangement with each of its prospective content providers. Associations, clubs and schools who assist Skillstorm in developing sponsors will be paid a negotiated commission on any sponsorship funds raised for their respective users.

The user interface has been developed with the sponsor in mind. The interface exposes the user to their sponsor whenever they are using the product. The following chart outlines the value to a sponsor by the amount of time a user is exposed to the sponsor. With the average training session lasting between 12 and 18 minutes, sponsors enjoy a high level of brand exposure. The following chart demonstrates the level brand exposure.

Athlete Visits				
Frequency	Sport Catalog	Retail Store	Practice	E-Learning
Week	--	--	2 to 3	3 to 5
Month	--	--	10 to 12	10 to 25
Year	1	3 to 6	120 to 144	144 to 300

Skillstorm actively targets a number of potential strategic alliances and continues to approach them using the Company's business plan. Skillstorm continues to focus on establishing partnerships with highly visible sports experts in order to maintain its product positioning strategy. The Company continues to follow up with the contacts and potential sponsors identified through its ties with FC Bayern Munich.

Target Market Strategy

Skillstorm will concentrate its efforts on establishing subscription revenue through associations, clubs and schools. This approach will keep user acquisition costs lower than by simply trying to establish subscription revenue directly with users. Skillstorm has confirmed applied this strategy by meeting with many and has developed demand for its product with high profile professional teams and national associations that have comprising roughly 6.5 million players and local, national and international sponsors, including Calgary Minor Soccer Association ("CMSA"), a local 18,000-player association. Skillstorm has received from CMSA a Confirmation of Order for subscriptions. The Company believes it will be able to execute against these sales opportunities following the completion of its product development.

Skillstorm has already entered into a strategic alliance with CMSA, which has given the Company an opportunity for Skillstorm to sell to Alberta Soccer Association ("ASA"). ASA has 89,000 players and Skillstorm is currently working to deliver its product to every player in Alberta next season. The Company hopes that this will lead to other associations of similar magnitude to follow suit.

Internet Strategy

Skillstorm has developed and implemented an initial website strategy phase. The initial phase includes integrating the learning engine with the website while insuring the hosting capacity will support user demands. This phase will incorporate a content management tool to allow for dynamic content development. An e-commerce engine is available for non-sponsored users to gain access. Robust online reporting tools will be incorporated for Skillstorm, sponsors and association staff to evaluate users for their respective needs.

Future phases will evolve personalized portal interfaces to allow the user to customize the solutions he or she needs. Adapting portal technology will also open opportunities to work with other companies to deliver solutions through Skillstorm. Demographic information on users will be greatly enhanced as well, making our database of users quite valuable to the sports industry.

Skillstorm has also engaged EZRankings.com, an Irvine, California company specializing in search engine management. EZRankings.com provides search engine optimization services, paid inclusions, pay-per-click management and competitive business analysis.

Strategic Alliance Partners

Skillstorm has formed an alliance with FC Bayern Munich to provide content and endorsements. Please refer to Paragraph 4(b) of the agreement. Skillstorm is also engaged in strategic alliance discussions with other soccer organizations worldwide that are potentially interested in offering the Company's products to their client base. Through personal connections, Skillstorm has had several meetings with Arsenal in London, England about an English product, in connection with which Skillstorm hopes to form a strategic alliance. To date, Skillstorm has not reached an agreement with Arsenal. However, this is a potentially high growth area for Skillstorm and the Company will continue to seek out these types of organizations to act as channels for its products. To date no revenues have been derived from these alliances.

Publication Advertising

Skillstorm has researched this medium and has developed a strategy to drive awareness in key markets in support of sales activities. This effort will begin following the completion of product development activities on U-17 and U-19 training products. The first 3 years will concentrate on the United States market since it has the largest population of youth players at 23 million.

Trade Shows

Skillstorm will commence its trade show appearances following completion of post production activities on U-17 and U-19 FC Bayern Munich Training Programs. The Company plans to attend trade show venues quarterly or until attendance produces sales revenue projections. As financing allows, Skillstorm plans to attend 6 trade shows per year and eventually, more as warranted. Skillstorm will concentrate its efforts in the USA for the first 24 months and look to international trade shows once our trade show approach is perfected.

Direct Mail

Skillstorm has a direct mail strategy that scales as revenue grows. Existing customers will receive regular emails to encourage renewal and referral offers. Direct mail pieces will be

sent to existing customers with various promotions encouraging renewal too. Skillstorm will engage global brands in joint offers with this medium. FC Bayern Munich will help us with agreements with their key sponsors like Adidas and T-Com. Lists will be purchased to send out promotions too. There are many soccer specific qualified lists we will purchase for direct mail purposes. Some of these lists will be used in direct sales activities as well.

Intersports, a company no longer in existence, assigned to SAMSports the rights to use film of the German Bundes League soccer club member, Bayern Munich, during practices and to develop CD-ROM programs using these films. At the time of the assignment, Colin Innes, Skillstorm's CEO, was a shareholder of SAMSports, and was under a consulting contract with Intersports to wind up the limited partnership and repurpose the company due to insufficient working capital. Assets of Intersports were used to pay obligations to Mr. Innes and Thomas Niendorf. Mr. Innes subsequently formed 1441966 Ontario Inc., and invested these assets into 1441966 Ontario Inc. Mr. Innes subsequently affected the transfer of the assets of 1441966 Ontario Inc. into Skillstorm Canada. All of this investment was accounted for and is reflected in the current balance sheet.

4. (a) If the Company was not profitable during its last fiscal year, list below in chronological order the events which in management's opinion must or should occur or the milestones which in management's opinion the Company must or should reach in order for the Company to become profitable, and indicate the expected manner of occurrence or the expected method by which the Company will achieve the milestones.

Event or Milestone	Expected manner of occurrence or method of achievement	Timeframe	Consequences of a delay
Product Development	Skillstorm has approximately 6 weeks of post production work left in order to complete U17 age group followed by 5 months of post production work for U19. However, an employee will be hired to complete this work. The estimated cost for this area is \$25,000.	6 months.	This will impact sales and marketing activities. Skillstorm would have to slow or stop sales and marketing.
Equipment Purchases	Additional equipment needs to be purchased to expand the Storage Area Network and add a post production edit suite. This equipment is needed in order to	1 month.	U19 post production activities can not commence. This will impact sales and marketing activities.

	complete product development. The estimated cost for this area is \$40,000.		Skillstorm would have to slow or stop sales and marketing until the equipment was in place.
Web Development	At the completion of each age group there is approximately 4 weeks of work in order to make the video files web ready. This work is usually contracted out. The estimated cost for this area is \$5,000.	4 weeks for each age group for a total of 8 weeks.	Impacts sales and marketing activities.
Marketing	A significant amount of initial work has been undertaken in order to identify the marketing strategies. The next step is to hire a person to develop tactics and execution requirements for the Company's strategies. Cost identification, expected outcomes and implementation will be fully developed. This work will form part of the basis for the next round of financing. The estimated cost for this area is \$80,000.	4 months	Any delay impacts brand recognition and therefore affects sales.
Sales	Skillstorm has completed 3 age groups and currently are available for sale. Although Skillstorm's product offering will not meet fully the needs of our prospects, we can begin with a 60% offering (3 age groups). Skillstorm will hire sales people to begin selling. Lead generation activities for sponsor sales and advertising sales will commence. The estimated cost for this area is \$75,000.	COO to begin hiring process upon completion of financing	Lack of sales impacts the entire operation. Growth in the company including share value is impacted.
Operations	Converting from a product development company to sales and marketing company while converting from a private to public company requires work to put the various policies and procedures into place. The board and executives will be charged with these tasks. The estimated cost for this area is \$275,000.	3 months	Without control over governance clearly in place, the effect will be poor investor confidence.
Finance Requirements	The company intends to raise additional capital through another issue. Part of this round of funding is to assist in the preparation of that filing. The estimated cost for this area is \$300,000.	Commencing in 5 months	Delaying the next round will severely limit the growth potential of the company. It would be forced to rely on organic growth opening itself up to competition.

- (b) State the probable consequences to the Company of delays in achieving each of the events or milestones within the above time schedule, and particularly the effect of any delays upon the Company's liquidity in view of the Company's then anticipated level of operating costs. (See Question Nos. 11 and 12)

Please see 5(a) above.

Note: After reviewing the nature and timing of each event or milestone, potential investors should reflect upon whether achievement of each within the estimated time frame is realistic and should assess the consequences of delays or failure of achievement in making an investment decision.

Because there is no minimum to this Offering, the possibility exists that almost no shares will be sold and almost no proceeds will be received by the Company. If that occurs, the Company will continue its development of its business plans, but the implementation of these plans will likely be substantially delayed due to a lack of funds.

The allocation of the proceeds shown in the table in this Question 9(a) is based on the Company's present operating plan and its estimates of many factors, including general economic and industry conditions, as well as the Company's future revenues and expenditures. If these factors change or actual circumstances differ from those estimated or expected, the Company may reallocate use portions of the proceeds for other purposes, in its sole discretion.

(b) If there is no minimum amount of proceeds that must be raised before the

Company may use the proceeds of the offering, describe the order of priority in which the proceeds set forth above in the column "If Maximum Sold" will be used.

Please see the chart above in 9(a).

Note: After reviewing the portion of the offering allocated to the payment of offering expenses, and to the immediate payment to management and promoters of any fees, reimbursements, past salaries or similar payments, a potential investor should consider whether the remaining portion of his investment, which would be that part available for future development of the Company's business and operations, would be adequate.

10. (a) If material amounts of funds from sources other than this offering are to be used in conjunction with the proceeds from this offering, state the amounts and sources of such other funds, and whether funds are firm or contingent. If contingent, explain.

Not Applicable.

- (b) If any material part of the proceeds is to be used to discharge indebtedness, describe the terms of such indebtedness, including interest rates. If the indebtedness to be discharged was incurred within the current or previous fiscal year, describe the use of proceeds of such indebtedness.

In April of 2005, Mr. Innes received a promissory note secured by a General Security Agreement from the Company for ~~\$55,000~~ 47,800 at a rate of Prime plus 3%. To date, Mr. Innes is still owed approximately ~~\$52,700~~ 45,800. The purpose of this loan was to provide the company with working capital and equipment funding. This loan will only be discharged when the maximum proceeds have been collected.

In June of 2006, Mr. Williams provided a loan to the Company of \$20,900 to purchase equipment. At the time of the loan the rate was 4% for 6 months. ~~Now~~ The interest rate is ~~now 12.9~~ 13.9% in accordance with the terms of his credit card ~~issuer~~. To ~~D~~date, Mr. Williams is owed \$20,900. This loan will be discharged as soon as proceeds are collected.

- (c) If any material amount of proceeds is to be used to acquire assets, other than in the ordinary course of business, briefly describe and state the cost of the assets and other material terms of the acquisitions. If the assets are to be acquired from officers, directors, employees or principal stockholders of the Company or their associates, give the names of the persons from whom the assets are to be acquired and set forth the cost to the Company, the method followed in determining the cost, and any profit to such persons.

No other assets will be acquired other than in the ordinary course of business. Management expects that the assets which the Company intends to acquire will reflect the 'Use of Proceeds' chart (see Question 9(a)). Certain assets previously

purchased by management in their individual capacities, including web hosting and equipment, for which these individuals will be reimbursed, are disclosed above in Questions 9(a) and 10(b), above.

- (d) If any amount of the proceeds is to be used to reimburse any officer, director, employee or stockholder for services already rendered, assets previously transferred, or monies loaned or advanced, or otherwise, explain:

In addition to the equipment loans described in 10(b), Mr. Williams and Mr. Innes will be reimbursed a total of \$77,818 for previous services rendered to the Company once funds in excess of at least \$600,000 are raised. \$13,035 for office expenses based on collecting the minimum proceeds. When the maximum proceeds are collected, an additional amount totaling \$77,818 will be paid to Mr. Williams and Mr. Innes for previous services rendered.

11. Indicate whether the Company is having or anticipates having within the next 12 months any cash flow or liquidity problems and whether or not it is in default or in breach of any note, loan, lease or other indebtedness or financing arrangement requiring the Company to make payments. Indicate if a significant amount of the Company's trade payables have not been paid within the stated trade term. State whether the Company is subject to any unsatisfied judgments, liens or settlement obligations and the amounts thereof. Indicate the Company's plans to resolve any such problems.

As of September 30, 2006 the Company was delinquent in payments to the landlord of two months rent at \$4,050 per month. The Company is also delinquent in rent for the additional six months since. The Company has had ongoing discussions with the landlord, who will accept payment from the proceeds of this Offering.

The Company is also delinquent in three demand notes issued in 2005 and held by our CEO, Colin Innes, for a total amount of approximately \$45,800, and one demand note issued in 2006 and held by Ted Williams for approximately \$20,900.

As per "Use of Proceeds" in this document, it is intended that a portion of the proceeds will be used to repay Mr. Innes \$25,000 and Mr. Williams the \$20,900. The balance to Mr. Innes will be repaid at a later date from cash flow or from a future financing.

12. Indicate whether proceeds from this offering will satisfy the Company's cash requirements for the next 12 months, and whether it will be necessary to raise additional funds. State the source of additional funds, if known.

Assuming maximum proceeds from this offering are raised, the Company will still need to raise additional proceeds to satisfy its cash requirements for the next 12 months.

The holders may choose by majority vote to treat a merger of the Company in which the Company is not the surviving entity, or a sale of all or substantially all of the Company's assets, as a liquidation or winding up for purposes of this liquidation preference if (i) the amount of consideration received would be less than the amount of the holder's liquidation preference or (ii) the consideration consists solely or in part of securities that are not readily marketable.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2005

(unaudited)

1. THE COMPANY

The Company was organized in the jurisdiction of the state of Nevada on September 30, 1999 as Cherry Creek Gold Corporation and re-domiciled to the state of Washington on August 30, 2005. On December 20, 2005 the Company issued 16,833,760 shares of common stock to acquire the Skillstorm technology, assets and business concepts and on January 6, 2006 the Company changed its name to Skillstorm Online Learning, Inc.

The Company was incorporated with authorized share capital of 100,000,000 shares of common stock at a par value of \$0.001 and 10,000,000 shares of preferred stock at a par value of \$0.001. At December 31, 2005 the Company has 31,083,760 shares of common stock issued and outstanding and 10,000 shares of preferred stock issued and outstanding.

The Company entered into the business of the development of sport learning software products combining methodology and technology in a manner for players, coaches, parents, associations and teachers to utilize. The technology is market ready. The Issuer is in discussions with several customers regarding the sale and installation of their solution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Methods

The summary of significant accounting policies of the Company is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management and management is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of these financial statements.

Equipment

Equipment is recorded at cost and is being amortized over the estimated useful lives of the equipment, or term of lease, whichever is shorter, using the following rates:

Computer equipment	30% Declining balance
Computer software	100% Straight line
Furniture and equipment	20% Declining balance
Video content	30% Declining balance
Website	30% Straight-line

Website development costs

The Company capitalized its original website development costs and amortizes the resulting asset at 30% of the original cost per year. Costs of subsequent website upgrades are expensed as incurred.

Long-lived Assets

SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" establishes a single accounting model for long-lived assets to be disposed of by sale including discontinued operations. SFAS 144 requires that these long-lived assets be measured at the lower of carrying amount or fair value less cost to sell, whether reported in continuing operations or discontinued operations.

As such, these long-lived assets of the Company are reviewed when changes in circumstances require as to whether their carrying value has become impaired, pursuant to SFAS 144. Management considers assets to be impaired if the carrying value exceeds the future projected cash flows from related operations (without interest charges and undiscounted). If impairment is deemed to exist, the assets will be written down to fair value less cost to sell.

Stock Based Compensation

In 1995, the Financial Accounting Standards Board issued SFAS No. 123, Accounting for Stock-Based Compensation which permitted the measurement of compensation cost using the intrinsic value-based method of accounting prescribed by the Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees. In 2004 FASB issued a revision of FASB Statement No. 123. This

Statement supersedes APB Opinion No. 25 and its related implementation guidance. This revised pronouncement requires that all stock options and warrants be accounted for using the Fair Value Method. The Company will follow the Fair Value Method in accounting for stock issued to employees and to non-employees.

Basic and diluted Net Income (Loss) Per Share

Basic loss per share is computed by dividing losses available to common stockholders by the weighted-average number of common shares during the period. Diluted loss per share reflect the per share amount that would have resulted if dilutive common stock equivalents had been converted to common stock. No stock options were available or granted during the periods presented.

Dividend Policy

The Company has not yet adopted any policy regarding payment of dividends. No dividends have been paid since inception and it is unlikely that dividends will be paid in the foreseeable future.

Income Taxes

At December 31, 2005 the Company had combined net losses from operations available for carry forward of \$610,000. The income tax benefit of approximately \$152,000 from the loss carry forward has been fully offset by a valuation reserve because the use of the future tax benefit is indeterminable since the Company has limited operations. Losses for tax purposes begin to expire in 2011.

Financial Instruments

The carrying amounts of financial instruments, consisting of cash, accounts payable and accrued liabilities, are considered by management to be their estimated fair value.

Estimates and Assumptions

Management used estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of the assets and liabilities, disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing these financial statements.

Comprehensive Income

The Company, since inception, implemented Statement of Financial Accounting Standards No. 130. The adoption of the standard had no impact on the total stockholder's equity.

The Company does not expect that the adoption of other recent accounting pronouncements will have a material impact on its financial statements.

6. ACQUISITION OF SKILLSTORM ASSETS

Effective December 20, 2005, pursuant to an acquisition agreement, the Company acquired 100% of the issued capital stock of Skillstorm Online Learning, Inc., an Alberta corporation (the 'Alberta corporation'). As consideration, the Company issued 16,833,760 shares of common stock to acquire the Alberta corporation. As a result, the former shareholders of the Alberta corporation acquired 54% of the voting shares of the Company.

This transaction is, therefore, treated as a reverse takeover and, for accounting purposes, the Alberta corporation is deemed to have acquired the Company. Accounting for the business combination as a reverse takeover results in the following:

- i) The financial statements of the combined entities are issued under the legal parent, Skillstorm Online Learning, Inc. (formerly Cherry Creek Gold Corporation) but are considered a continuation of the financial statements of the Alberta corporation.

- ii) Accordingly for accounting purposes, the acquired assets, liabilities and business of the Alberta corporation are included in the financial statements at their historical carrying value.
- iii) The accounting for the business combination on this basis is summarized in Note 5.
- iv) All inter company transactions have been eliminated on consolidation.

7. PREFERRED SHARES

The preferred shares are convertible on a one for one basis to Common Stock. They do not have any voting rights or dividends.

8. ENDORSEMENT AND ROYALTY AGREEMENTS

The Company is party to several agreements relating to the rights to the use of FC Bayern Munich AG's youth soccer academy training exercises. The initial agreement, dated April 27, 1998, was executed by a predecessor company and updated by Skillstorm on November 25, 2005. This Right to Use and Royalty Agreement has no end date and has a Royalty amount associated with it. The Royalty is calculated as 50% of net incomes after defined Cost of Sales amounts, including amortization, are deducted.

The Company also has a signed endorsement from the president of FC Bayern Munich AG, Franz Beckenbauer.

9. GOING CONCERN

The Company intends to further develop its business interests as outlined in Note 1, however, the Company does not have the working capital necessary to be successful in this effort to expand its operations and continuation of the Company as a going concern is dependent upon the Company obtaining additional working capital. There is no assurance that the Company will be able to obtain any financing or to continue as a going concern.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF CERTAIN RELEVANT FACTORS

47. If the Company's financial statements show losses from operations, explain the causes underlying these losses and what steps the Company has taken or is taking to address these causes.

The Company's losses are the result of the Company being in a pre-commercialization phase. As a result, the Company has incurred non-operating charges, including set-up costs, professional fees, design expenses, and amortization costs of the Company's video library. The Company has been able to use limited marketing funds to obtain a small "footprint" on web search engines. To date, the Company has yet to be able to sustain a concerted sales campaign. Additional funds from the financing activities will allow for completion of the U-17 and U-19 age group products and for a comprehensive marketing and sales effort. Additional funds raised will allow for product completeness and the ability to extend the marketing reach of the Company. all-age-group products and for marketing and sales activities.

48. Describe any trends in the Company's historical operating results. Indicate any changes now occurring in the underlying economics of the industry or the Company's business which, in the opinion of Management, will have a significant impact (either favorable or adverse) upon the Company's results of operations within the next 12 months, and give a rough estimate of the probable extent of the impact, if possible.

Since inception, the Company has incurred quarterly operating losses. The losses have accumulated due to the increased level of operational activities undertaken by the Company as it prepares to be fully operation. As the Company receives funding it will move from the pre-commercialization phase to a fully operating phase.

The Soccer industry in North America continues to expand. Events in the past two years evidencing this expansion include the television viewer ship of the World Cup, David Beckham announcing that he will play soccer in the United States, the purchases of England Premiership teams by Americans, and the upcoming U-20 World Cup in Canada. These events are creating an awareness and demand for the type of advanced professional instruction which Skillstorm provides.

The underlying economics continue to be strong for online learning products for mass participation activity worldwide. This is evidenced by the number of educational courses available online. In addition, there has been a proliferation of online pay-as-you-go interactive games sites. The average consumer is now more conversant with using online mobile technology for learning and entertainment activities.

49. If the Company sells a product or products and has had significant sales during its last fiscal year, state the existing gross margin (net sales less cost of such sales as presented in accordance with generally accepted accounting principles) as a percentage of sales for the last

fiscal year:

N/A %.

What is the anticipated gross margin for next year of operations?

Approximately ~~40~~70.0%.

If this is expected to change, explain. Also, if reasonably current gross margin figures are available for the industry, indicate these figures and the source or sources from which they are obtained.

The Company has not had significant sales during the last fiscal year. Quarterly gross margins to date have been negative as a result of the limited sales and associated fixed hosting costs. Once the Company is fully operational, the anticipated gross margin before sales and marketing, administration and non-cash charges is estimated to be in excess of 70%. The primary direct costs to sales is for internet hosting and changes to the content of the Company's website. There are no inventory, direct labor, manufacturing or transportation costs to cover. ~~The gross margin in the medium term is expected to be stable.~~

50. Foreign sales as a percent of total sales for last fiscal year: 50%. Domestic government sales as a percent of total domestic sales for last fiscal year: 0%. Explain the nature of these sales, including any anticipated changes:

All retail sales are over the internet and accessible worldwide.

No shares of the corporation shall be issued unless authorized by the Board of Directors. Such authorization shall include the maximum number of shares to be issued and the consideration to be received for each share. Certificates of stock shall be issued in numerical order. Each certificate issued shall be signed by the Chairman and President, or President and Secretary, and may be sealed with the seal of the corporation or a facsimile of the seal of the corporation. If the officer that signed, either manually or in facsimile, a share certificate does not hold office when the certificate is issued, the certificate is nevertheless valid.

5.3. Fractional Shares or Scrip: The corporation may, but shall not be obliged to, issue a certificate for a fractional share, which shall entitle the holder to exercise voting rights, to receive dividends, and to participate in any of the assets of the corporation in the event of liquidation. In lieu of fractional shares, the Board of Directors may: (a) dispose of a fractional interest by paying in cash the fair value of the fractional interest as of the time when those entitled to receive such shares are determined, or (b) issue scrip in registered or bearer form which shall entitle the holder to receive a certificate for a full share upon the surrender of scrip aggregating a full share.

5.1 Transfers: Transfers of stock shall be made only upon the stock transfer books of the corporation, kept at the registered office of the corporation or at its principal place of business, or at the office of its transfer agent or registrar. Shares may be transferred by delivery of the certificate, accompanied either by an assignment in writing on the back of the certificate, or by a written power of attorney to sell, assign and transfer the same, signed by the record holder of the certificate. Before a new certificate is issued, the old certificate shall be surrendered for cancellation. Restrictions on the transfer of shares that the Board of Directors may from time to time adopt are valid and enforceable to the extent permitted by Washington law. The Board of Directors may, by resolution, open a share register in any state of the United States, and may employ an agent or agents to keep such register and record transfers of shares.

5.5 Record Ownership: A record of the name and address of the holder of such certificate, the number of shares represented thereby and the date of issue thereof shall be made on the corporation's books. 5.6 Mutilated, Lost or Destroyed Certificates. If any stock certificate is mutilated, lost or destroyed, it may be replaced upon proof of such mutilation, loss, or destruction. 5.7 Transfer Agent; Registrar; Rules Respecting Certificates: The Corporation may maintain one or more transfer offices or agencies where stock of the corporation shall be transferable. The corporation may also maintain one or more registry offices where such stock shall be registered. The Board of Directors may fix, in advance, a date as the record date for the purpose of determining stockholders entitled to notice of, or to vote at, any meeting of the stockholders or any adjournment thereof, or the stockholders entitled to receive payment of any dividend or other distribution or the allotment of any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock, or to express consent to corporate action in writing without a meeting, or in order to make a determination of the stockholders for the purpose of any other lawful action. Such record date in any case shall be not more than sixty (60) days nor less

than ten (10) days before the date of a meeting of the stockholders, nor more than sixty days prior to any other action requiring such determination of the stockholders. A determination of stockholders of record entitled to notice or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

5.9 Dividends: Subject to the provisions of the Certificate of Incorporation, the Board of Directors may, out of funds legally available therefor at any regular or special meeting, declare dividends upon the capital stock of the corporation as and when they deem expedient. Before declaring any dividend there may be set apart out of any funds of the corporation available for dividends, such sum or sums as the Board of Directors from time to time in their discretion deem proper for working capital or as a reserve fund to meet contingencies or for equalizing dividends or for such other purposes as the Board of Directors shall deem conducive to the interests of the corporation.

5.10 Closing Stock Transfer Books and Fixing Record Date: For the purpose of determining shareholders entitled to notice of or to vote at any meeting of shareholders or any adjournment thereof, or entitled to receive payment of any dividend, or in order to make a determination of shareholders for the payment of any distribution, the allotment of rights, the conversion or exchange of any securities by their terms or any other proper purpose, the Board of Directors may provide that the stock transfer books shall be closed for a stated period not to exceed sixty (60) days. If the stock transfer books shall be closed for the purpose of determining shareholders entitled to notice of or to vote at a meeting of shareholders, such books shall be closed for at least ten (10) days immediately preceding such meeting.

In lieu of closing the stock transfer books, the Board of Directors may fix in advance a date as the record date for any such determination of shareholders, the date in any case to be not more than seventy (70) days and, in case of a meeting of shareholders, not less than ten (10) (or in the case of a merger, dissolution, amendment of the Articles of Incorporation, or sale of assets, twenty (20) days prior to the date on which the particular action requiring the determination of shareholders is to be taken. If the stock transfer books are not closed and no record date is fixed for the determination of shareholders entitled to notice of or to vote at a meeting of shareholders, the date on which notice of the meeting is mailed shall be the record date for such determination of shareholders. If the stock transfer books are not closed and no record date is fixed for determination of shareholders entitled to a distribution, the date on which the Board adopted the resolution declaring the dividend shall be the record date. When a determination of shareholders entitled to vote at any meeting of shareholders has been made as provided in this section, that determination should be the record date unless Washington law requires fixing a new record date.

Such determination shall be made:

(a) By the Board of Directors by a majority vote of a quorum consisting of directors that are not parties to such proceeding; or

(b) If such a quorum cannot be obtained, then by a majority vote of a committee to the Board of Directors, duly designated to act in the matter by a majority vote of the full Board of Directors (in which designation directors who are parties may participate), consisting solely of two or more directors that are not parties to such proceeding; or

(c) By written opinion by legal counsel selected by the Board of Directors or a committee to the Board of Directors by vote as set forth in Paragraph (a) or (b) of this Section, or if the requisite quorum of the full Board of Directors cannot be obtained and such committee cannot be established, then by a majority vote of the full Board of Directors (in which selection directors who are parties may participate), provided that, an attorney, or a firm having associated with it an attorney, retained by or that has performed services within the past two (2) years for the corporation or any party to be indemnified may not serve as such legal counsel; or

After determining that indemnification of the director is permissible, the Board of Directors, or the committee to the Board of Directors, may authorize the indemnification of the director and may determine the reasonableness of the expenses incurred by the director in the manner described in Paragraphs (a) and (b). If determination is not authorized by Section 8.6 (a) or (b) that indemnification of the Director is permissible under paragraph (c), upon the written opinion by legal counsel. The authorization of indemnification and the determination of the reasonableness of the expenses incurred by the Director shall be made, as well, in the manner

specified in paragraph (c) of this Section for the selection of such counsel. If the determination that indemnification of the director is permissible under (a) and (b) or was made by legal counsel as described in Paragraph (c), then the authorization of indemnification and the determination of the reasonableness of the expenses incurred by the director shall be made in the manner specified in Paragraph (c) of this Section for the selection of such counsel. Shares held directly by Directors with the absolute power to vote those shares who are parties to the proceeding shall not be voted on the subject matter under this Section.

8.7 Payment of Expenses Before Final Disposition of Proceeding: All expenses incurred by a director who is a party to a proceeding must be paid or reimbursed by the corporation during and in advance of the final disposition of such proceeding on the following conditions:

(a) Upon receipt by the corporation of a written promise by or on behalf of the director to repay such amount if it is ultimately determined that the director has not met the standard of conduct necessary for indemnification by the corporation as authorized by this Article; and

(b) Either:

(i) Upon a determination as described in Section 6 of this Article that the information then known (i.e., without undertaking further investigation) to those making the determination does not establish that indemnification would not be permissible under Section 2 3AND 8.4 of this Article; or

(ii) Upon receipt by the corporation of a written affirmation by the director of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation as authorized in this Article.

The agreement required by Paragraph (a) of this Section shall be an unlimited general obligation of the director but need not be secured and may be accepted without reference to financial ability to make the repayment. Payments under this Section may be authorized in the manner specified in Section 8.6 of this Article.

8.8 Additional Indemnification: The corporation shall have the power to make or agree to any further indemnity, including the advance of expenses, to any director (as defined in Section 8.1) that is authorized by the Articles of Incorporation, any Bylaw adopted or ratified by the shareholders, or any resolution adopted or ratified, before or after the event, by the shareholders, provided that no such indemnity shall indemnify any director for acts of commission of such director finally adjudged to be intentional misconduct or a knowing violation of law, or for conduct of such director finally adjudged to be in violation of RCW 23B.08.310 (or any successor statute), or for any transaction with respect to which it was finally adjudged that such director personally received benefit in money, property, or services to which the director was not legally entitled. Unless the Articles of Incorporation, a Bylaw, or a resolution provide otherwise, any determination as to any further indemnity shall be made in accordance with Sections 8.4, 8.5 and 8.6 of this Article. Each such indemnity may continue as to a person who has ceased to be a director and may inure to the benefit of the heirs, executors, and administrators of such a person.

8.9 Indemnification of Non-Directors: Unless otherwise limited by the Articles of Incorporation the corporation will also indemnify an officer, employee, or agent as defined in Section 8.1 (a) that is not a director to such extent, consistent with law, as provided by the Articles of Incorporation, the Bylaws, a general or specific resolution of the Board of Directors, or a contract.

8.10 Liability Insurance: The corporation may purchase and maintain insurance on behalf of any person who is, or was a director, officer, employee, or agent of the corporation or is or was serving at the request of the corporation as an officer, employee or agent of another corporation, partnership, joint venture, trust, other enterprise, or employee benefit plan against any liability asserted against the person and incurred by the person in any such capacity or arising out of the person's status as such, whether or not the corporation would have the power to indemnify the person against such liability under the provisions of this Article.

8.11 Notice to Shareholders of Indemnification: The shareholders shall be notified of the indemnification of any person in accordance with this Article, including any payment or reimbursement of expenses, by a written report sent prior to the notice of the next annual shareholders' meeting or sent with such notice. The written report shall contain a brief description of the proceedings involving the person indemnified and the nature and extent of such indemnification.

ARTICLE IX

AMENDMENTS OF THE BYLAWS

9.1 By the Board of Directors. If the Articles of Incorporation shall so provide, the Board of Directors shall have power to make, alter, amend and repeal the Bylaws of the corporation. However, any such Bylaws, or any alteration, amendment or repeal of the Bylaws, may be changed or repealed by a vote of the holders of a majority of the shares entitled to vote at any shareholders' meeting.

9.2 Emergency Bylaws. The Board of Directors may adopt emergency Bylaws, subject to repeal or change by action of the shareholders, which shall be operative during any emergency in the conduct of the business of the corporation resulting from some catastrophic event, an attack, a terrorist attack, any nuclear, atomic, or natural disaster and including all acts of God.

RIGHT TO USE AND ROYALTY AGREEMENT

THIS AGREEMENT made effective November 25, 2005,

BETWEEN:

FC Bayern München AG ("Bayern Munich")
Säbenerstr. 51
81547 München
Germany

- and -

SKILLSTORM ONLINE LEARNING INC., a corporation
incorporated under the laws of the Province of Alberta
("Skillstorm")

WHEREAS Bayern Munich and Intersports Acceleration Corp. ("Intersports") entered into an agreement on or about April 27, 1998 (the "Original Agreement") whereby Bayern Munich granted to Intersports the right to film footage of the coaching of, and demonstration of exercises, skills, drills and scrimmages by, student players and teams of the age groups U10, U12, U14, U16 and U18 at Bayern Munich's soccer youth academy in Munich, Germany (the "Film Footage");

AND WHEREAS the Original Agreement also provided that Intersports would use the Film Footage for purposes of creating a CD-ROM program;

AND WHEREAS Intersports assigned its rights to the Original Agreement to Skillstorm;

AND WHEREAS Skillstorm intends to use the program also online as an on-line video soccer coaching and training program on a website produced by Skillstorm (the "Online Soccer Program") and Bayern Munich and Skillstorm now wish to document and ratify the terms of the Original Agreement as well as documenting the terms of the agreement respecting the continuing and future use of the Film Footage by Skillstorm and the marketing of the Online Soccer Program through endorsement by Bayern Munich;

NOW THEREFORE in consideration of the covenants, terms and conditions of this Agreement, and for other good and valuable consideration the receipt and sufficiency of which are acknowledged by the parties hereto, the parties agree as follows:

1. Ratification of Original Agreement

The parties hereby ratify the terms of the Original Agreement. Specifically, and without limiting the generality of the foregoing, the parties acknowledge and agree that Intersports assigned its rights under the Original Agreement to use the Film Footage to Skillstorm.

Cur

Vertrag Skillstorm FCB

2. Consideration

- (a) Pursuant to the terms of the Original Agreement, the sum of 100,000.00 DM was payable to Bayern Munich as consideration of the right to produce the Film Footage. The parties acknowledge and agree that Skillstorm and/or Intersports has paid to Bayern Munich the sum of 100,000.00 DM as full and final payment of the consideration for the right to produce the Film Footage.
- (b) As consideration for the continuing and future use of the Film Footage for the Online Soccer Program by Skillstorm and the marketing of the Online Soccer Program through use of endorsement by Bayern Munich, Skillstorm shall pay to Bayern Munich a royalty equal to 50% of the subscription fees minus all cost of sales collected by Skillstorm from subscribers of the Online Soccer Program (the "Royalty"). The parties acknowledge and agree that in addition to payment of the Royalty, consideration for use of the Film Footage and marketing of the Online Soccer Program through endorsement by Bayern Munich is the exposure to the North American soccer associations and sports market generally which Bayern Munich's name will receive and consequential value added to the goodwill and name of Bayern Munich.
- (c) Skillstorm shall pay the Royalty to Bayern Munich on a quarterly basis with the first payment commencing on November, 2005. Skillstorm undertakes to provide to Bayern Munich copies of the Corporation's audited annual financial statements for the duration of the term of this Agreement for purposes of verifying the gross revenue earned by Skillstorm for subscription fees paid by subscribers of the Online Soccer Program as well as the costs of sales within the meaning of lit. b).

If this Agreement is terminated, then all amounts owing to Bayern Munich up to the date of the termination will be paid to Bayern Munich, and thereafter there will be no obligation to pay any further amounts to Bayern Munich pursuant to this Agreement, notwithstanding Bayern Munich's right to claim damages from Skillstorm arising from or in connection with a termination of this Agreement, caused by any breach of contractual or other obligations by Skillstorm.

4. Representations and Warranties

- (a) Skillstorm represents and warrants that it shall only use Bayern Munich's name and endorsement of the Online Soccer Program in a manner that will preserve and protect its goodwill and reputation and not otherwise impair such goodwill or bring Bayern Munich's reputation into disrepute.

Skillstorm and Bayern Munich each acknowledge that the purpose of obtaining this consent is to avoid conflicts with any of Bayern Munich's sponsors. Bayern Munich will not unreasonably withhold its consent should no such conflict be identified with a third party advertiser or sponsor.

5. Ownership Rights

The parties acknowledge and agree that the Film Footage produced and developed by Skillstorm is and shall remain the sole and exclusive property of Skillstorm.

6. Assignment and Enurement

This Agreement may only be assigned or transferred by a party with the prior written consent of the other party, such consent not to be unreasonably withheld. This Agreement may not be assigned or transferred by Bayern Munich.

7. Further Assurances

The parties to this Agreement shall, without further consideration, do and perform all such further acts and execute all such further deeds and documents as are reasonably required in order to give effect to this Agreement and the transactions contemplated herein.
